1. Identification

1.1. Product identifier
Product Identity: Phosphorofilm
Alternate Names: Phosphorofilm

1.2. Relevant identified uses of the substance or mixture and uses advised against
Intended use: See Technical Data Sheet.
Application Method: See Technical Data Sheet.

1.3. Details of the supplier of the safety data sheet
Company Name: Emulsitone Chemicals, LLC
37 Willow Street
Washington, NJ 07882

Emergency
24 hour Emergency Telephone No.: 973-464-5579
Customer Service: Emulsitone Chemicals, LLC 973-386-0053

2. Hazard(s) identification

2.1. Classification of the substance or mixture
Skin Irrit. 2;H315 Causes skin irritation.
Eye Irrit. 2;H319 Causes serious eye irritation.

2.2. Label elements
Using the Toxicity Data listed in section 11 and 12 the product is labeled as follows.

Warning
H315 Causes skin irritation.
H319 Causes serious eye irritation.

[Prevention]:
P264 Wash thoroughly after handling.
P280 Wear protective gloves / eye protection / face protection.

[Response]:
P302+352 IF ON SKIN: Wash with plenty of soap and water.
P305+351+338 IF IN EYES: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do - continue rinsing.
3. Composition/information on ingredients

This product contains the following substances that present a hazard within the meaning of the relevant State and Federal Hazardous Substances regulations.

<table>
<thead>
<tr>

[1] Substance classified with a health or environmental hazard.
*The full texts of the phrases are shown in Section 16.

4. First aid measures

4.1. Description of first aid measures

General
In all cases of doubt, or when symptoms persist, seek medical attention. Never give anything by mouth to an unconscious person.

Inhalation
Immediately remove victim to fresh air. If victim has stopped breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention immediately.

Eyes
Irrigate copiously with clean water for at least 15 minutes, holding the eyelids apart and seek medical attention.

Skin
Immediately flush affected area for at least 15 minutes. Remove and clean or dispose of contaminated clothing in accordance with appropriate federal, state, and local regulations. Get medical attention immediately.

Ingestion
This product contains polyvinyl alcohol in solution. If victim is conscious and able to swallow, have victim drink water or milk to dilute. Never give anything by mouth if victim is unconscious or having convulsions. Call a physician or Poison Control Center immediately. Induce vomiting only if advised by physician or Poison Control Center.

4.2. Most important symptoms and effects, both acute and delayed

Overview
Inhalation: This Emulsitone product is considered to be non-hazardous. The solvent is water.

Ingestion: Symptoms are unknown. However, as with any non-food product, if ingested, contact a doctor or Poison Control Center immediately.
Eye Contact: Liquid or vapor may cause irritation.
Skin Contact: May cause irritation and defatting of skin on prolonged contact.
See section 2 for further details.

### 5. Fire-fighting measures

#### 5.1. Extinguishing media
Use media appropriate for surrounding area.

#### 5.2. Special hazards arising from the substance or mixture
Hazardous decomposition: No hazardous decomposition data available.

#### 5.3. Advice for fire-fighters
None
 ERG Guide No. ----

### 6. Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures
Put on appropriate personal protective equipment (see section 8).

#### 6.2. Environmental precautions
Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

#### 6.3. Methods and material for containment and cleaning up
This product is not flammable or poisonous. A spill may be collected with absorbent media or mopped up. Ordinary trash removal for solids and sanitary sewers for liquid wastes.

### 7. Handling and storage

#### 7.1. Precautions for safe handling
See section 2 for further details. - [Prevention]:

#### 7.2. Conditions for safe storage, including any incompatibilities
Handle containers carefully to prevent damage and spillage.
Incompatible materials: Strong Oxidizers
See section 2 for further details.

7.3. Specific end use(s)
No data available.

---

8. Exposure controls and personal protection

8.1. Control parameters

8.2. Exposure controls

**Respiratory**

Not necessary under normal conditions.

**Eyes**

Protective safety glasses should be worn if there is any danger of splashing.

**Skin**

Persons with sensitive skin should wear gloves and protective clothing.

**Engineering Controls**

Not necessary under normal conditions.

**Other Work Practices**

Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

See section 2 for further details.

9. Physical and chemical properties
### Appearance
- Clear Liquid

### Odor
- Odorless

### Odor threshold
- Not Measured

### pH
- Not Measured

### Melting point / freezing point
- Not Measured

### Initial boiling point and boiling range
- 212°F

### Flash Point
- >200°F, Non-flammable

### Evaporation rate (Ether = 1)
- Not Measured

### Flammability (solid, gas)
- Not Applicable

### Upper/lower flammability or explosive limits
- **Lower Explosive Limit:** Not Measured
- **Upper Explosive Limit:** Not Measured

### 10. Stability and reactivity

10.1. Reactivity
- Hazardous Polymerization will not occur.

10.2. Chemical stability
- Stable under normal circumstances.

10.3. Possibility of hazardous reactions
- No data available.

10.4. Conditions to avoid
- No data available.

10.5. Incompatible materials
- Strong Oxidizers

10.6. Hazardous decomposition products
- No hazardous decomposition data available.

### 11. Toxicological information
Acute toxicity

12.2. Persistence and degradability
There is no data available on the preparation itself.

12.3. Bioaccumulative potential
Not Measured

12.4. Mobility in soil
No data available.

12.5. Results of PBT and vPvB assessment
This product contains no PBT/vPvB chemicals.

12.6. Other adverse effects
No data available.

13. Disposal considerations

13.1. Waste treatment methods
Observe all federal, state and local regulations when disposing of this substance.

14. Transport information

14.6. Special precautions for user
No further information

15. Regulatory information

Regulatory Overview: The regulatory data in Section 15 is not intended to be all-inclusive, only selected regulations are represented.

Toxic Substance Control Act (TSCA): All components of this material are either listed or exempt from listing on the TSCA Inventory.

WHMIS Classification: D2B E

US EPA Tier II Hazards: Fire: No
Sudden Release of Pressure: No
Reactive: No
Immediate (Acute): Yes
Delayed (Chronic): No

EPCRA 311/312 Chemicals and RQs (lbs):
  Phosphoric acid   ( 5,000.00)

EPCRA 302 Extremely Hazardous:
To the best of our knowledge, there are no chemicals at levels which require reporting under this statute.

EPCRA 313 Toxic Chemicals:
To the best of our knowledge, there are no chemicals at levels which require reporting under this statute.

Proposition 65 - Carcinogens (>0.0[]):
To the best of our knowledge, there are no chemicals at levels which require reporting under this statute.

Proposition 65 - Developmental Toxins (>0.0[]):
To the best of our knowledge, there are no chemicals at levels which require reporting under this statute.

Proposition 65 - Female Repro Toxins (>0.0[]):
To the best of our knowledge, there are no chemicals at levels which require reporting under this statute.

Proposition 65 - Male Repro Toxins (>0.0[]):
To the best of our knowledge, there are no chemicals at levels which require reporting under this statute.

New Jersey RTK Substances (>1%):
  Phosphoric acid

Pennsylvania RTK Substances (>1%):
  Phosphoric acid

16. Other information

The information and recommendations contained herein are based upon data believed to be correct. However, no guarantee or warranty of any kind, expressed or implied, is made with respect to the information contained herein. We accept no responsibility and disclaim all liability for any harmful effects which may be caused by exposure to our products. Customers/users of this product must comply with all applicable health and safety laws, regulations, and orders.

The full text of the phrases appearing in section 3 is:
H314 Causes severe skin burns and eye damage.
H319 Causes serious eye irritation.

This is the first version in the GHS SDS format. Listings of changes from previous versions in other formats are not applicable.

For industrial use only. The information contained herein is accurate to the best of our knowledge. We do not suggest or guarantee that any hazards listed herein are the only ones that exist. Emulsitone Chemicals, LLC makes no warranty of any kind, express or implied, concerning the safe use of this material in your process or in combination with other substances. Effects can be aggravated by other materials and/or this material may aggravate or add to the effects of other materials. This material may be released from gas, liquid, or solid materials made directly or indirectly from it. User has the sole responsibility to determine the suitability of the materials for any use and the manner of use contemplated. User must meet all applicable safety and health standards.
